

Advent-Tournament Ocholt-Howiek Nov. 12.

Report

Sorry, I could not download the official file, therefore my report will be as follows:

16 players from two nations gathered at Ocholt-Howiek for a leisurely, friendly tournament. As one player could not participate due to illness the referee Frauke Roos pitched in. There were no problems to report – selfarbitration at the tables for minor disagreements (basically on counting points) made for a pleasant event. The location, the former Schützenhof, now called Doerpskroog, was pleasant, food and service very good and the organisation was fine.

Four rounds of 90 minutes were played, EMA rules and regulations were followed, so, nothing to report....
